How to buy and modify a KmToll ticket

Purchase your KmToll ticket digitally

Register your truck

Choose the start time and route and pay

Do you want to cancel or modify your KmToll ticket?

If you do not pay through a provider, you must purchase a KmToll ticket prior to driving at vejafgifter.dk/en/digital-kmtoll-ticket.

KmToll tickets can be purchased from 18 December 2024, onwards.

See the Danish roads where you have to pay toll at vejafgifter.dk/en/which-roads.

Enter the country in which your truck is registered, and the truck's registration number.

If we can find data on your truck in a motor register, information about the truck will automatically be filled in. Amend the data if it is wrong.

If you fill in the truck's information yourself, you must attach documentation.

Select the planned time for your trip. The ticket is valid for 24 hours from the start time of your ticket.

You can enter the start and end addresses and then get the toll amount.

Please note that you still have to pay to drive on bridges.

Enter your customer information and pay with Visa or Mastercard.

You will then receive your receipt.

The entire route can be canceled or changed up until the start time indicated on your KmToll ticket.

If your route changes after the start time, you can modify the route between the start and end points up to 72 hours after the start time on your KmToll ticket.

You can modify or cancel your KmToll ticket at vejafgifter.dk/en/digital-kmtoll-ticket.
